

Shearbolt connectors with heat shrink insulation,  
1kV

# KSC50N-1- 4HS

- ✓ kit with screw connectors for low voltage 1 kV
- ✓ polyolefin heat shrink insulation
- ✓ the connector bodies are internally coated with adhesive that melts when heated
- ✓ the splice becomes completely watertight

Splice kit for splicing plastic insulated 3 and 4-conductor cable for Al or Cu conductors up to 1 kV, round cable 10-50 mm<sup>2</sup>, sector formed cable 16-50 mm<sup>2</sup> (acc. to IEC 60228). Comes complete with screw connectors, insulation, emery cloth, 2 filler pieces, vulcanising tape and instructions for use.

Item number: **7321-007100**

EAN: **7393487049314**

Max voltage (kV): **1**

Screen conductor (mm<sup>2</sup>): **10-35**

Cable type Round (mm<sup>2</sup>): **10-50**

Cable type Sector (mm<sup>2</sup>): **16-50**
