

KL2585

KL2585, Cable cutting head for Elpress pumps

Used with Elpress pumps, design based on the V250 system

242 kN of force

Interchangeable blades

Cutting diameter 85 mm

Cuts 4 x 150 mm² Cu conductors and Ø 85 mm aluminium, paper and plastic insulated cables (there may be some limitations depending on the material and design of the cable). Also cuts steel reinforced cable, but not steel wire reinforced cable.

Compatible with ERGO and ERGOCOM handles for ergonomic handling (PS710E)

Supplied in a durable plywood box

Ground point (brass bolt) on the cutting head

Item number: **5209-258500**

EAN: **7393487082519**

Delivery box: **Plywood box**

Max Ø conductor (mm): **85**

Max cutting force (kN): **242**

AWG/MCM Stranded Al: **8 AWG - 950 MCM**

AWG/MCM Cu: **8 AWG - 1000 MCM**

mm² Cu: **630**
